

An example of performance

Component: Bracket for space application
Material: Inconel 718 - AMS5662
Rough bar dim. & weight: \varnothing 270 x 470 mm (220 kg)
Finished part weight: 5 kg approx.
Features: 5 axes sculpturing, before and after aging condition

DIMENSIONAL CONTROL
performed on our
Coordinate Measuring Machine
through our dedicated
Computer Aided Quality Control
software
(math.3D model vs. prototype)
